SWAB CONCRETE FLOOR CLEANER

SW5

GUNK® SWAB Concrete Floor Cleaner is a concentrated powder that thoroughly removes grease, oil and grim. Some rust and deeply embedded petroleum stains are sometimes further removed by applying a heavy amount of dampened SWAB and allowing it to remain for a prolonged time; follow with scrubbing and rinsing. Some stains may require the use of a bleaching acid.

APPLICATIONS:

- Phosphate Free!
- Biodegradable!
- For Garage Floors And Driveways

DIRECTIONS: 1. Scrape off excess accumulations and sweep area. 2. Wet area by hosing with water. 3. Sprinkle SWAB powder over entire area favoring spots where grease accumulations are heaviest. 4. Spread with a stiff brush or broom and brush in thoroughly. 5. Allow to stand 15 minutes or more (keep area wet) and brush again with vigor. 6. Rinse thoroughly with garden hose using nozzle that emits a strong steam. Do not use or splash on painted surfaces. Keep cap tightly in place to keep moisture out. Avoid flushing on or near plant life. Use with adequate ventilation.

STORAGE, HANDLING & DISPOSAL: Store in a cool, dry, well ventilated area away from acids and oxidizers. Wear safety goggles, rubber gloves, dust mask, and protective boots. The wearing of contact lenses when using these products is not advisable. Dispose of container, residue and excess product in accordance with all federal, state and local laws and regulations. SAFEGUARD OUR ENVIRONMENT... Disposal of rinse water in water courses, sewers, or on the ground may be prohibited. Such disposal is prohibited in California. Proper disposal includes collecting and evaporating the rinse water and recycling or disposal of any residue in accordance with state and local law.

DANGER: Corrosive! Avoid contact with skin and eyes! Harmful or fatal if swallowed! Vapor harmful! Eye and skin irritant!

FIRST AID: Eye contact: flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. Skin Contact: Wash with soap and water. If irritation persists, get prompt medical attention. Inhalation: Move to fresh air. If breathing becomes difficult get prompt medical attention. If swallowed drink large amounts of fruit juice. Do not induce vomiting. Call Poison Control Center, Physician or Hospital Emergency Room immediately.

KEEP AWAY FROM CHILDREN AND ANIMALS
